**REGISTRATION STARTS TODAY**

### Region 3 RPIC Regional Convening July 13 | 10 AM – 3:30 PM | Virtual

Join us for this virtual event to learn about the high-impact, transformational work that Community Action Agencies are doing to address the causes and conditions of poverty in Region 3.

## What is a Convening?

As a part of the Human Capacity & Community Transformation grant, a key deliverable is for the RPIC is a regional event that highlights community activities, strategies, partnerships, and best practice models.

The convening will bring together leaders from the Community Action network to discuss how new practices and partnerships are transforming local communities and helping families build resiliency.

The event will feature initiatives from local CAAs in Region 3 that were selected and highlighted by the Center of Excellence at the National Community Action Partnership.

## How Were Initiatives Selected?

- Met 90% or more of Organizational Standards.
- The initiative has clearly identified the local need it addresses.
- CSBG funds have clearly been used for some purpose, at some point, in the implementation of the initiative.
- The initiative has a transformative impact related to the causes and/or conditions of poverty at a community level.
- These are efforts that move individuals, families, and communities toward improving human capacity, reducing dependency and sustaining self-sufficiency.
- The initiative is clearly based on data/evidence that demonstrate its impact.

## The Goal...

...is to share information from these highlighted initiatives and the lessons they have learned as a way to encourage other agencies with similarly-identified needs and resources to replicate the initiative and expect to have similar results.
